Update on John Leonard

Recently an Internet site posted a story about long time resident owner John Leonard. Unfortunately, it sounded more like an obituary. Obviously journalistic ethics were sadly lacking in the way the article was put together. Needless to say the article was very disturbing to the Leonard's many, many friends as well as their family. The truth should be told that John had a stroke. If all continues to go well John is expected to be released from the hospital very soon. He will be staying in Las Vegas for the next two to three weeks recuperating.

Although the Leonards appreciate the prayers and kind thoughts sent their way they would appreciate privacy and respect during this time of recuperation. Donna Leonard, our board president, will be returning to Chicago, returning to work, and taking full control of the family real estate business.

Your understanding of the Leonard's request for peace and quiet will be greatly appreciated.
